Information Disclosure Statement(s)

1. Where the IDS citations are submitted but not described, the examiner is only responsible for cursorily reviewing the references. The initials of the examiner on the PTO-1449 indicate only that degree of review unless the reference is either applied against the claims, or discussed by the examiner as pertinent art of interest, in a subsequent office action. See Guidelines for Reexamination of Cases in View of *In re Portola Packaging, Inc.*, 110 F.3d 786, 42 USPQ2d 1295 (Fed. Cir. 1997), 64 FR at 15347, 1223 Off. Gaz. Pat. Office at 125 (response to comment 6). Consideration by the examiner of the information submitted in an IDS means that the examiner will consider the documents in the same manner as other documents in Office search files are considered by the examiner while conducting a search of the prior art in a proper field of search. The initials of the examiner placed adjacent to the citations on the PTO-1449 or PTO/SB/08A and 08B or its equivalent mean that the information has been considered by the examiner to the extent noted above. MPEP § 609 (Eighth Edition, August 2001).
2. The information disclosure statement filed September 29, 2003 fails to comply with 37 CFR 1.97(c) because it lacks the fee set forth in 37 CFR 1.17(p). Nevertheless, evidence of consideration for at least some of the listed documents is returned.
3. See paragraph 2 of the Office action mailed April 25, 2003 for reasons why a listing is crossed out and evidence of consideration is denied. The presence of references to the documents in the specification as originally filed has been taken as removing the issue of the month of publication, but the Examiner cannot overlook the absence of any date whatsoever. See MPEP § 707.05(e) for information on how to identify documents retrieved from the Internet. Applicant has already been

warned as to the flaws in the identified hyperlinks (see paragraph 7 of the action). Also, a submission to a place of publication is not itself a publication and cannot be treated as such.

Comment on Submission(s)

4. The amendment filed September 29, 2003 has been entered.

Reasons for Allowance

5. The following is an examiner's statement of reasons for allowance: although the amendment to claims 13 and 14 does not include all of the limitations of the intervening claims, it is agreed that the recited features are sufficient to distinguish from the application of Sandsten *et al.*, Zwick, and Moore *et al.*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
